

9-13-84

Skip Rhodes w/ Gulf in Houston (713-754-0142) was notified that this location was in the potash area (Ducal mine) + that all drilling would cease. Mr Rhodes said that the rat hole was drilled, + that the complete rig was not on location as of 9/13/84.

Mr Rhodes said he would contact Ducal concerning the location.

9-14-84 Ron Sykes brought in a letter from ^{4:00-10:00} Ducal granting approval for drilling the well, however after a phone call to Ray Graham ~~it was~~ we learned it was Mississippi Chem Co lease.

9-18-84 Ron Sykes called + they are visiting w/ Miss. Chem Co. Mr Mimms said he had no objections, but Miss Chem Co Attorney would have to write approval letter. Ron said he expected to get approval today.
