Dear Jim:

Captioned well was permitted on April 3, 1973; however, it has been decided to delay drilling this well until further development has been established.

We have staked the No. 5 well in Section 2 on State acreage and would like to cancel the No. 5 well name in Section 33.

It may be that the location in Section 33 will be drilled but at a later date.

Hope this change has not caused you too much inconvenience.

Yours very truly,

MONSANTO COMPANY
