1. The attached map "Area Roads and Locations" shows the existing and proposed roads and locations in the area (from Foster Ranch quadrangle map).
2. The attached drawing "Location Diagram" shows the location layout. The location is in grassland with sandy soil.
3. Water will be supplied by a water well on Fee land in Section 32.
4. All waste disposal except drilling fluids will be immediately buried. Drilling fluid wastes will be into temporary pits which will be filled in later.
5. Mud pits will be stirred and allowed to dry. The pits and location will then be levelled.
6. If the well is a producer, a supplemental location diagram will be furnished showing surface production equipment.
