Gentlemen:

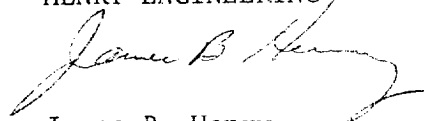

Reference is made to the Application for Permit to Drill the subject location filed with your office on January 23, 1974. On behalf of our client, David Fasken, please resend this application.

We are today filing a new location 1980' FNL and 2310' FEL of said section "29" with drill site located on Fee land. A new Permit To Drill is being filed this date with the New Mexico Oil Conservation Commission.

This replacement well is to be designated as the David Fasken - Howell "29" No. 1 and the north half of section "29" will be dedicated to it.

Yours very truly,

HENRY ENGINEERING
