ARTESIA, OFFICE

Gentlemen:

Our letter of August 13, 1979, approved your application for permit to drill the Federal 33-G No. 1 well at a location 1980 feet from the north line and 1820 feet from the east line of sec. 33, T. 17 S., R. 29 E., N.M.P.M., Eddy County, New Mexico. It has now come to our attention that such a location is nonstandard according to special pool rules established by the New Mexico Oil Conservation Division for the South Empire Wolfcamp pool to which the well is projected.

Accordingly, your approval to drill the Federal 33-G No. 1 well is hereby conditioned on obtaining approval from the New Mexico Oil Conservation Division for the nonstandard location prior to commencing operations.

Sincerely yours,

(Orig. Sgd.) ALBERT R. STALL
