One hundred eighty days have elapsed since approval of Division Form C-101, Application for Permit To Drill, for the subject well. No data or progress reports, Form C-102, have been received.

Therefore, Division approval of Form C-101 has now expired and no drilling operations are to be initiated or continued without further notice or approval by the Division. Pending such approval, this well is still to be drilled on the stated location.

Very truly yours,
