This well was filed to be drilled in March of 1993. The location was built and pits were dug. There was 35' of 10-3/4" conductor pipe set and cemented in. The well was never drilled. Anadarko has now plugged and abandoned this well by filling the conductor pipe with cement and setting a P&A marker on 1-22-96. Then the pits were filled in and the road and location were ripped.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
