

MULTI-POINT SURFACE USE AND OPERATIONS PLAN
UNITED STATES PETROLEUM CORPORATION
Haracz "AMO" Federal #2
660' FSL and 1980' FWL
Section 24-T24S-R31E
Eddy County, New Mexico

This plan is submitted with Form 3160-3, Application for Permit to Drill, covering the above described well. The purpose of this plan is to describe the location of the proposed well, the proposed construction activities and operations plan, the magnitude of the surface disturbance involved and the procedures to be followed in rehabilitating the surface after completion of the operations, so that a complete appraisal can be made of the environmental effect associated with the operations.

1. EXISTING ROADS:

Exhibit A is a portion of the BLM map showing the well and roads in the vicinity of the proposed location. The proposed well site is located approximately 29 miles southeast of Loving, New Mexico and the access route to the location is indicated in red and green on Exhibit A.

DIRECTIONS:

Go east out of Carlsbad on Pecos Hwy. Turn left on Hwy 31 and go to 128. Turn right on 128 and go approx. 20 miles to Buck Jackson Rd. Turn right and go approx. 0.5 of a mile and turn left. Follow caliche road approximately 2.3 miles and turn right. Go approximately 0.5 of a mile and new access will start here and go north around water tank.

2. PLANNED ACCESS ROAD:

- A. The proposed new access will go south for approx. 750' in length from the point of origin to the southeast corner of the drilling pad. The road will lie in a westerly direction.
- B. The new road will be 14 feet in width (driving surface) and will be adequately drained to control runoff and soil erosion.
- C. The new road will be bladed with drainage on one side. No traffic turnouts will be built.
- D. The route of the road is visible.
- E. Existing roads will be maintained in the same or better condition.

3. LOCATION OF EXISTING WELL:

- A. There is drilling activity within a one-mile radius of the well site.
- B. Exhibit D shows existing wells within a one-mile radius of the proposed well site.
