October 29, 1974: The drilling is completed and production string has been set
and cemented at total depth. We lack perforating the pipe for completion on
this well. We have been delayed due to wet weather. We expect completion about
the first week in November, 1974. Total depth 2260 ft.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
