13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Richardson Operating Co. plans to plug back this well to the Pictured Cliffs formation following the procedures submitted in the sundry dated July 6, 2000. However, Richardson Operating Co. has not received approval for pipelines for these wells. Therefore, they will be temporarily abandoned until the gas can be transported from location. The wells are planned to be plugged back in the Spring of 2003 and recompleted in late 2003.

14. I hereby certify that the foregoing is true and correct.
