Richardson Operating Company requests the name of the well referenced above be changed from the original APD application, which was the Federal 11-17 #4. Per OCD requirements the infill well must have the same name as the parent well, which in this case was the Federal 23-17 #1. The APD filed on 10/23/03 had the name of the well as the Federal 11-17 #4. Therefore the well name shall be Federal 23-17 #2. All other information as submitted to the BLM will remain the same.

A new revised C-102 is attached.

This well has not been drilled.
