13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This sundry notice is to clarify the well name for the Richardson Operating Company proposed Federal 34-32 #3 well. The notice of staking was sent in on 7-21-03 by Permits West with the incorrect well name. The Archaeological Report was sent in by La Plata Consultants dated 8-5-03 (Report LAC 2003-37b). It also had the wrong well name on their report. Both the Notice of Staking and the Arch report should have reflected the correct well name-being the Richardson Operating Company Federal 34-32 #3. The APD filed 8-5-03 has the correct name of the well. No other information has changed as of the date of this sundry notice. The well has not been drilled.
