Attn: Mr. Steve Hayden

RE: **Howell Com J 301 S**
Section 11-30N-8W
San Juan County, New Mexico

Gentlemen:

Burlington has proposed to drill the Howell Com J # 301S at a location 475' FNL and 815' FWL of Section 11-T30N-R8W. This location offsets the ConocoPhillips FC State Com #21 in the SW/4 of Section 2-30N-8W. ConocoPhillips objects to this location and requests that Burlington complete this well no closer than 660' from the section line.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Barber".

Jennifer Barber
