13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Please reference BLM letter of March 04, 2004, concerning the non-productive status of the subject well. We request to hold the well in a shut-in status pending evaluation of uphole potential in the Fruitland Coal formation. If review indicates that there is no uphole potential then we will submit recommendation to plug and abandon. We anticipate that within 30 days we should be able to give a definitive answer as to which option we will proceed to take.
