Downhole Commingle

13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof.

If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands.

Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days

following completion of the involved operations. If the operation results in a multiple completion or recompleat in anew interval, a Form 3160-4 shall be filed once

testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has

determined that the site is ready for final inspection.)

Work commenced to downhole commingle the subject well. Service rig was rigged up and the 2-3/8" production tubi was removed from wellbore, along with the production packer. The well was then cleaned out to PBTD at 8110'. The 2-3/8" production tubing was then run back in well without packer and landed at 8006'. The well was then turned to sales as a downhole commingled Mesa Verde/Dakota.
