If well is directionally drilled, give subsurface locations and measured and true vertical depth for all markers and zones pertinent to this work.)\*

Roddy Production intends to use a pulling unit to test the casing integrity of the above well and determine if the well can be returned to production or if it should be P&A'd. Operations were planned to start by June 1, 2004. However NAPI requested us to reschedule operations due to crop watering and harvesting. Operations have been reschedule to start October 1, 2004.

14. I hereby certify that the foregoing is true and correct.
