13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BMG has been using this well as a Pressure Observation Well, and requests permission to continue doing so. Provided permission is given, BMG will test the casing to 550# for thirty minutes.

A packer was run in 1967 and set at 5864' (completion is Open-Hole completion with casing set at 5976').

Appropriate NMOCD personnel will be notified at least twenty-four hours prior to testing.

14. I hereby certify that the foregoing is true and correct
