RE: Rogers 24-1 Well – NMSF-078360
Sec. 24, T-23-N; R-7-W
Sandoval County, NM

Dear Mr. Mason:

I am in receipt of your letter dated October 27, 2004. As you will recall, we submitted a proposal to abandon the referenced well but test a zone prior to abandonment. Due to rig availability and other timing issues, this work has not been done. In our conversation of November 16, 2004, I explained these problems in our ability to comply with your request. Key Energy has informed me that we are on their list to PxA this well in December, 2004 or at the latest January of 2005. By copy of this letter and the attached Sundry Notice, this extension is requested.

Sincerely,

W. J. Holcomb
