Dear Tom:

The record for the above well application for permit to drill dated October 18, 1981 indicated this well was to be drilled as a gas well. On April 28, 1982 the State Engineers office permitted and recorded it as a water well under permit 30-031-20736 RG 37868.

We will change our records to indicate this well as P&A/converted to water well

This well is under the state engineers jurisdiction, please cease reporting this well on form C115.

If you have any questions, please call me at 505-334-6178, ext. 16.

Sincerely yours,

Charlie T. Perrin  
Deputy Oil & Gas Inspector
