On 3/3/03 BP America made request to cancel our P&A procedure. We also requested to swab and add perfs in the MV. Approval was granted 3/5/03.

It has since been determined that the MV is too wet in this area and would be uneconomical to produce.

We respectfully request to reinstate our original P&A procedure which was approved 2/8/02. We plan to P&A this well in the 4th quarter of 2003.

If you have any questions please call Josue Villesca @281-366-2950
