13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.  This Sundry will serve as a Permit Application for a Below-Grade Tank. The Below-Grade Tank pertaining to the subject well is for production water.  Plans are in place to replace all fiberglass pit tanks with a 95-bbl steel, double wall, double bottom tank with leak detection. Tanks will have an expanded metal screen covering the entire diameter of the tank. The new tanks will be installed by the end of July, 2005  I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or belowers are not attached and the production of the tank will be installed by the end of July, 2005  Thereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or belowers are not attached and the production of the tank will be installed by the end of July, 2005  Thereby certify that the information above is true and complete to the best of my knowledge and belief.
