Operator Lance Oil & Gas Company Inc. respectfully requests a change in the Application to Drill on this well. The APD under "3. Pressure Control" states that "... BOP Equipment will include a kelly cock, floor safety valve and choke manifold rated to 2000 psi. ..."

Due to the length of the kelly cock in relation to the clearance in the derrick, and/or the availability of a kelly cock, it is not currently possible to utilize a kelly cock. Lance Oil & Gas Company, Inc. respectfully requests a waiver to eliminate the requirement of a kelly cock at the present time, and run a floor safety check valve in the drill string, at least until a kelly cock is available and installed.

14. I hereby certify that the foregoing is true and correct
