If this is a pit closure: (1) attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if your are burying in place) onsite  offsite  for facility
your are burying in place) onsite 🖾 offsite 🗖 If offsite, name of facility (3) Attach a general description of remedial action taken including
remediation start date and end date. (4) Groundwater encountered: No 🛛 Yes 🔲 If yes, show depth below ground surfaceft. and attach sample results. (5)
Attach soil sample results and a diagram of sample locations and excavations.
Additional Comments: Pit was closed on or about 3/5/05 according to NMOCD guidelines as they now exist modified by BLM liner
cut-off requirements.
I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines , a general permit , or an (attached) alternative OCD-approved plan .  Date: 3/11/2005
Printed Name/Title Jo Becksted / Compliance Administrator Signature Signature
Your certification and NMOCD approval of this application/closure does not relieve the operator of liability should the contents of the pit or tank contaminate ground water or
otherwise endanger public health or the environment. Nor does it relieve the operator of its responsibility for compliance with any other federal, state, or local laws and/or regulations.
