Re: Proposed Plug and Abandon
Ropco 7 #3
T29N, R14W
Section 7: SW/4
San Juan Co., NM

Dear Mr. Decker:

This letter is to provide you notice that XTO Energy plans to plug and abandon the referenced well located on property owned by you.

Enclosed for your reference is the surface agreement by and between Claude A. Decker et ux and Lance Oil and Gas Company. XTO is the successor in interest to Lance, and currently operates the well.

It is the intent of this letter to inform any necessary party of your intent to bring the subject site back to agricultural endeavors sometime in the future. By signing this letter, this will allow the marker to be placed below grade at approximately 6 feet, which should be below plow depth for your future field.

Please signify your approval of same by returning one original of this letter to the undersigned. Once received by our office, our surveyor will be on-site to delineate the wellhead placement via plat to the New Mexico Oil Conservation District (NMOCD). This information will be sent to the NMOCD for their files. We will be unable to cut the casing below grade without this letter from you.

Please return a copy of this letter no later than November 11, 2012.

Mr. Claude A. Decker
