13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

XTO Energy Inc. submitted a sundry notice dated May 6, 2011 (referenced in your letter dated November 22, 2011), which stated the above mentioned well was returned to production on May 3, 2011. In response to your letter, please note that the well was, in fact, returned to production at that time and the production data has been recently amended to MMS and to NMOCD to correctly reflect the May production.
