13. Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Williams Production, under Rosa Unit rights, request authorization to install a 1886.5' water gathering line from this well to the existing Rosa SWD #1 to SWD #2 waterline. The system would consist of a 2" flexpipe waterline and 2.28" conduit and electrical wire in the same ditch. All construction will be in previously disturbed areas. No new disturbance will be required. This area has had an cultural resource survey per La Plata Archaeology survey LAC Report 2010-45c dated 8-17-11
