	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	<u>Access/JDA</u>
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplect horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomplect in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

In response to letter 701-98-0013 (WC), April 2, 2012. Jicarilla Apache Energy Corporation has inherited this well un-completed as a result of non-producing status. JAECO is currently negotiating with Black Hills to access the pipelines owned by Black Hills. In any event the well evaluation has potential pay information in the San Jose-18', Nacimiento-68', and Pictured Cliff-18'. The plan for this well is to complete the well and tie-in to the Black Hills pipeline, or possibly plug the well if we are unable to negotiate a successful Joint Development Agreement with Black Hills. JAECO respectfully requests a two year extension to complete the process.
