13. Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Incorporated herein by reference are the Well Completion Reports and the Notice of Intent to Plug and Abandon that described the procedures that were followed and approved by Val Jameson and Steve Mason of the BLM's Farmington Field Office. Wellhead has been cut off. P & A marker has been installed. All produced fluids have been disposed of. The reserve pit will be reclaimed and location recontoured in November, 2007. The access road and location will be reseeded in Spring, 2008. Appropriate Sundry Notices will be filed at that time.
