☐ Conversion to Injection

☐ Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depth for all markers and zones pertinent to this work.)*

On October 5, 2010 the reserve pit for the Blanco Wash 26-2 was closed. The pit area was sampled in accordance with the State of New Mexico Pit Rule by Envirotech. All composite samples were under the regulatory limits. The reserve pit has been closed and the reseeded is being scheduled for early December (weather and soil conditions permitting) or early spring.
