13. Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Chevron respectfully submits this notification regarding the application for a downhole trimingle for the Rincon #108E. Currently this well produces under Down Hole Commingle (DHC) 584

The DHC form C107A is being sent to the Santa Fe office of the New Mexico Oil Conservation Division as of this date. Please see attached copy with associated documentation.

Once the DHC is granted another 3160-5 Notice of Intent shall be filed prior to beginning the project, which is scheduled to begin in October 2012
