13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The following tests required by the State of New Mexico - Oil Conservation Division (OCD) were witnessed by representatives of OCD and the Jicarilla Apache Tribe and successfully completed on June 8, 2012:

- Mechanical Integrity Test
- Braden Head Test
- Pump pressure limiting switch test

These final tests complete all necessary regulatory approvals and this Disposal Well is now operational.
