Basin Fruitland Coal and Aztec Pictured Cliffs Pools

San Juan County, New Mexico

Dear Ms. Cosper:

Your application to downhole commingle the Basin Fruitland Coal and Aztec Pictured Cliffs production from within the wellbore of the above-captioned well was received on April 11, 2005.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Our approval is contingent on XTO submitting a communitization agreement for the Fruitland Coal and the Pictured Cliffs formations.

Please submit your \$30.00 filing fee.

Also, please submit a copy of the Oil Conservation Division's approval order.
