13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The previous operator of this well, Richardson Operating Company, Inc., proposed to add the Fruitland Coal (71629) pursuant to New Mexico Oil Conservation Division Order No. R-11775-B, which sundry was approved by Jim Lovato of the Bureau of Land Management on June 2, 2003. (copy of Richardson's sundry attached).

However, Richardson Operating Company, Inc. never added the Fruitland Coal formation to this well. It has been almost 2 years since Richardson's sundry to add the Fruitland Coal to this well was approved, and has thus expired.

Therefore, present operator, Lance Oil & Gas Company, Inc., respectfully resubmits the application to add the Fruitland Coal zone to this well.
