Required subsequent reports shall following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 310 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	Well Integrity
Subsequent Report  Casing Repair  New Construction  Recomplete  X O  Change Plans  Plug and Abandon  Temporarily Abandon  Temporarily Abandon  Convert to Injection  Plug Back  Water Disposal  13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall the following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 316 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	2 3
Final Abandonment Notice  Change Plans  Plug and Abandon  Temporarily Abandon  Convert to Injection  Plug Back  Water Disposal  Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approxifithe proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertine Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BlA. Required subsequent reports shall following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 31 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	
Convert to Injection Plug Back Water Disposal  13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approxif the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertine Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 316 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	Other 1st Deliver
13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate of the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertine Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 316 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	
If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertine Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 316 testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed.	
This well was first delivered on 07/07/05.	60-4 shall be filed onc 1, and the operator ha
