13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomplate in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

The original drilling application was filed 04/22/05 and approved 06/14/05.

BP America respectfully requests BLM approval to change the surface casing depth from 200' to 320' due to the proximity of the river and the potential for boulders. (e-mail approval given 8/23/05 by Adrienne Bromley)

14. I hereby certify that the foregoing is true and correct  
Name (Printed/typed)

**Cherry Hlava**

*Please adjust cement volume to ensure  
circulation to surface.*
