13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof.

If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones.

Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

We are needing to temporarily stage a production tank from the SJ 28-7 Unit 113M onto the San Juan 28-7 Unit 185. The 113M is being twinned with the SJ 28-7 Unit 113N, a new drill. Any product in the tank will be removed before the tank is moved and will either be sold or put back in the tank until it can be sold.
