ATTN: Stephen Mason
RE: Gallegos Canyon Unit 310, API 3004524728- Cancel P&A NOI

Stephen:

BP America Production Company respectfully requests to cancel the Notice of Intent to P&A the above referenced well, GCU 310. We have not performed the P&A yet because the well is currently still producing gas in the Kutz Pictured Cliffs (West) & Pinon Fruitland Sand North formations, since April 2012. I have attached the BLM notice and Gas Production from April 2012-March 2013.

If you have any questions or concerns regarding this cancellation of P&A NOI please give me a call at 281-366-7148.

Sincerely,

NMOC D BP

Financial Assurance

Compliance

Note that Financial Assurance and Inactive Well Compliance are documented in separate reports ([Inactive Well Report](#), [Financial Assurance Report](#)).

Also note that some compliance issues are addressed at the operator level so not listed under each well.

Complaints, Incidents and Spills

No Incidents Found

Please note that incidents that impact ground water are recorded along with "facilities" which may not be wells, so although the initial report may be recorded here as a spill, information related to the abatement plans, remediation plans and ground water impact information are not yet part of this application.
