13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

The Rick's Well No. 1 connects into the Enterprise sales point through a gathering line that has been recently purchased. Maralex is in the process of negotiating a gathering agreement which will allow the gas from this well to be marketed. Until that agreement is reached the well will remain shut-in. We will notify the BLM once the well has been returned to production *SE approved vac'd 8/15/14*
