RE: Information request

Dear Ms. McDaniel:

After review of previously submitted bradenhead tests, it was found that the wells listed in the attachment had water flow or high pressure on bradenhead and/or intermediate. Please submit gas and water analysis on all casing strings and a current wellbore schematic for each well within 90 days from the date of this letter.

If you have any questions, please call me at 505-334-6178, ext. 123.

Sincerely yours,

Monica Kuehling
Deputy Oil and Gas Inspector
District III - Aztec
