Re: Confidential Status on Jicarilla O 3E (Sec. 10, T22N, R03W, UL O)

---

Dear NMOCD,

Logos Operating, LLC (289408) is requesting "Tight Hole/Confidential" status for the Jicarilla O 3E (API 30-043-21165) be released. Confidential status is due to expire on 4/17/14, and to enable Logos to report this well on the C-115 for February production we will need the confidential status released.

Regards,

A handwritten signature in black ink, appearing to read 'Tamra Sessions', written in a cursive style.
