Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BP was granted "Shut In" status 12/19/2013 for the subject well. Currently our crew is on location doing reclamation work. BP respectfully requests a 6 month extension for "Shut In" status as we will need more time to finish the reclamation work, then our construction crews will be able to come to the location to rebuild and produce the well.
