On November 13, 2008, XTO incorrectly submitted a below grade tank permit application for the O H Randel #10 well site to the Aztec Office of the NMOCD. Recent review of XTO records indicate that this well did not have a below grade tank at the time the permit was submitted, and currently does not have one as well. XTO is requesting the NMOCD rescind the permit application submitted for this location, due to this well site not having a BGT now, or when the 2008 Pit Rule went into effect. This well was plugged and abandoned in March of 2010.
