13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Burlington requests permission to test the wellhead seal on the subject to satisfy the NMOCD's letter concerning a BH test failure. If the wellhead leaks, the wellhead will be replaced and the BH test will be redone to verify integrity. If the wellhead work fails to resolve the issue, then the BLM and OCD will be contacted and further remedial work will be initiated after approvals are received.
