RE: Landowner – reclamation concurrence  
Well Name: GCU 288  
Legals: SENW Section 19 T29N R12W

Mr. Mcneil,

The above mentioned well site, on your property, was plugged & abandoned by BP America on October 26, 2012. BP and the Landowner acknowledge and agree that BP may leave the property in its current condition with the well site and lease road unrestored and unrevegetated so that Landowner may have the use thereof in its current state and condition.

BP is required to inform the NMOCD that the location and lease road have been left to the landowner's satisfaction. If the property meets your expectations, would you please sign and return this letter to me?

I (Thad Mcneil, Manager for H&M Precision Products) , personally have inspected the well site and lease road and find the property in good order and to my satisfaction.

Thank you,
