13. Describe Proposed or Completed Operations

CDX RIO, LLC would like to change the allocation method and allocations for the subject well. BP Amoco had allocations based on a production decline methodology. CDX RIO, LLC would like to use the subtraction method. Attached is the documentation to support this change. The allocation would change to:

|                  | <u>GAS</u> | <u>OIL</u> |
|------------------|------------|------------|
| Blanco Mesaverde | 45%        | 45%        |
| Basin Dakota     | 55%        | 55%        |

14. I hereby certify that the foregoing is true and correct.
