Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

BP America Production Company requests permission to drill out the bridge plug over the Blanco Pictured Cliffs formation & DHC the subject well with the newly completed Basin Fruitland Coal. As per the attached procedure.

The Blanco Pictured Cliffs (72359) and Basin Fruitland Coal (71629) Pools are Pre-Approved Pools for Downhole Commingling per NMOC order R-11363. The working and overriding royalty interest owners in the proposed commingled pools are identical, therefore no additional notification is required.

Production is proposed to be allocated based on the subtraction method using the projected future decline for production from the PC. That production shall serve as a base for production subtracted from the total production for the commingled well. The balance of the production will be attributed to the Basin Fruitland Coal. Attached is the future production decline estimates for the Blanco Pictured Cliffs. Commingling production Downhole in the subject well from the proposed pools will not reduce the value of the total remaining production.
