The direct offset Fruitland Coal and Pictured Cliffs producers were averaged to determine a reasonable current allocation. Producers for the Fruitland Coal are the E H Pipkin 30, E H Pipkin 34, Pipkin 6, Rowley 3, and Fullerton Fed 41. These wells are averaging 99 MCFD. The direct offset producers for the Pictured Cliffs are the E H Pipkin 20, Pipkin 4, and Argo US 3. These wells are currently averaging 66 MCFD. Only active producers were used for these calculations.
