The initial DHC NOI showed Blanco Mesaverde instead of Otero Chacra (Pool Code - 82329) as the zone being commingled with the Dakota as it should have been. The current zones commingled are Otero Chacra (Pool Code 82329) and Basin Dakota (Pool Code 71599). Steve Hayden with the NMOCD in Aztec gave us permission to use the DHC 2070AZ, he had assigned since the Notifications were for the right pools and the paperwork would be change to show the correct zones being commingled.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
