Adrian,

When Elm Ridge Resources, Inc. drilled the Jicarilla Apache B-9E (30-039-27726) in September of 2004. We were unaware we were actually drilling the Jicarilla Apache B-10E (30-039-29285). I have made the appropriate changes to the paper work that was submitted. We will be drilling the Jicarilla Apache B-9E with in the next couple of months. If you have any question or anything you at the BLM would like me to do please feel free to call me and let me know or you can e-mail me at amackey1@elmridge.net. I have also notified the NMOCD of this issue and they just wanted the paperwork revised to the correct location.

Sincerely,

Amy Mackey
Production Assistant

Attached: 2 revised sundry notices and a revised Deviation report.
