13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

XTO Energy Inc. hereby requests a 1 year extension for the above mention well. This well took considerable time and effort to obtain an approved drilling permits form the BLM office in Durango, Ute Mountain Ute Tribe and State of New Mexico. XTO Energy has also spent considerable time obtaining approvals from both the BLM and State of New Mexico for surface comingling, Non-standard location, off lease measurment of gas, use of electronic flow meters, etc. Please consider the effort and time spent in preparing and obtaining all of the items listed while making your decision. Thank you.
